

██████,

Did you see my email on Saturday?

Today is the last day in the second quarter and a critical opportunity to keep the momentum building for climate action.

By making a donation today, you can show the climate deniers -- people that are committed to spending millions to stop climate action -- that you're not backing down.

[Click here to contribute \\$5 today to help me show that Washington is committed to stopping climate change.](#)

Thanks for your support.

Very truly yours,

Jay Inslee
