Dear [redacted],

We know that Democrats like you voted in the Primary but — we have a problem. Check out this headline:

31 percent. That's not only dismal, it could mean *disaster* this Fall.

With this low Primary turnout number – together with the fact that there are no statewide candidates on the ballot this year – we are facing a turnout CRISIS.

Election Day is just over two months away, and Fall is approaching. We need to boost our voter turnout programs IMMEDIATELY.

We know when people vote, Democrats win. Can you donate $5 help us boost our voter turnout program?

On Friday, the Primary Election was certified, which means we know what we're facing for the General Election.

I'll level with you — it's not going to be easy.

Conservative special interests like Big Oil are funneling money into conservative PACs, the State Republican Party, and the coffers of some of the most conservative Republican candidates and incumbents.

They're fighting tooth and nail to protect the Republican State Senate majority.

Meanwhile, back in Washington, D.C., Republicans are threatening ANOTHER government shutdown.

Now that fall is almost here, get ready for a barrage of money from conservative Super PACs and wealthy backers, who will spend money hand-over-fist to make sure conservative Republicans and the Tea Party are able to carry out their extreme agenda.

They have Super PACs. We have you. Contribute $5 and help us turn out voters and win this Fall.

Join us today as we battle for our values. This election could be a defining moment for our country and our state.

Thank you for all you do,

Karen Deal
Executive Director
Washington State Democrats
