

WE'RE TIRED OF WAITING – yet all we get from Olympia is gridlock.

The facts don't lie...

Hill says he put more money into our schools.

BUT...

Over the last 4 years spending per student has decreased and Washington ranks 47th out of 50 in class size. (NEA and WA Board of Education 2014 Report)

Hill says he passed balanced budgets.

BUT...

His budgets relied on one-time fixes and gimmicks that the State Supreme Court deemed inadequate for our schools. As a result, the Court held the Legislature in contempt. (Associated Press, Sept 11, 2014)

Hill says he cares about transportation and traffic relief.

BUT...

He ignored the pleas of local officials, businesses and economists and refused to support a bipartisan transportation package. (House Bill 1954)

The fact is **Andy Hill** did not get the job done.

**4TH WORST
TRAFFIC
IN THE
NATION...**

**3RD MOST
CROWDED
CLASSROOMS
IN THE
NATION...**

It's been FOUR YEARS and still WE SIT IN GRIDLOCK.
