

Unlike other Democrats running for Governor, I don't accept donations from large corporations. Instead, **I rely on individual grassroots supporters giving \$25 or \$50 at a time.**

Each contribution makes a huge difference in our ability to connect with Washingtonians across the state — especially as we are about to have our fundraising halted for up to 30 days.

As you may know, Washington State law prohibits me from raising or accepting money during a legislative session. And last week, the Governor announced a "30 Day Special Session" beginning next week. That means we enter *another* "fundraising freeze" and won't be able to fundraise for our Exploratory Campaign.

If we're going to be successful, please donate today to help me make up for lost time during our upcoming fundraising freeze.

Thanks for your support!
