

**We're closing the books on our May fundraising in less than 15 hours.** Everything we've raised since Bob launched his Exploratory Campaign for Governor will be made public after this deadline.

Our team crunched the numbers this morning, and we're just \$7,293 short of our \$25,000 May fundraising goal.

**[Bob does not accept donations from large corporations. Instead, he relies on individual supporters like you. Please add your contribution before midnight to help us close the gap on this critical goal.](#)**

**All eyes are on our campaign to see if Bob has the grassroots coalition it takes to win.** That's why reaching our \$25,000 goal before midnight tonight is so important.

Your contribution will show the public, the news outlets, and potential opponents that our grassroots campaign is strong and ready for the long road ahead.

**[Can you contribute right now ahead of our midnight deadline? Every donation counts.](#)**

Thank you for everything you're doing to support Bob.
