

After my time in the Army and serving in Iraq, I returned home to Washington, where I was recognized for my efforts as a prosecutor and appointed as General Counsel for our Governor, Jay Inslee. Together, we stood up to Trump and his hateful Muslim ban, ended the death penalty in our state, and worked for justice for all Washingtonians.

Two years ago, I was honored to be nominated by President Joe Biden to be the U.S. Attorney for Western Washington. In that role I successfully prosecuted sex trafficking cases, violent crimes, and went after drug cartels to keep fentanyl out of our neighborhoods. But perhaps some of my proudest accomplishments in that office were working to keep every Washingtonian safe by preventing and prosecuting hate crimes, and protecting the most vulnerable and marginalized members of our community.

All of these experiences have led me to today. And I'm ready to do the work to keep our communities safe as your Attorney General.

Right now, I'm hitting the campaign trail to get the word out about my campaign, but to reach every corner of Washington I need you by my side, Randy Sidney. Will you stand with me today in my fight for justice by endorsing my campaign and adding your name to my petition?

ENDORSE

I've spent my life in service to the people of Washington regardless of where they come from, how much money they make, or the color of their skin, and that's exactly what I plan to do as Attorney General. Thank you for joining me in this fight.
