Additionally, ABC News and the *Washington Post* published multiple surveys showing Trump leading.

We're at a crucial moment for the future of our democracy. We're going to work relentlessly to defeat Donald Trump, but we need to prepare for the worst.

**Randy, Bob is the only candidate running for Governor who knows how to successfully defeat an extremist administration and defend our rights.**

You know his record — Bob defeated the Trump Administration in court *over 50 times*. He delivered the first defeat of the Trump Administration by forcing Trump to rescind the first 'Muslim Travel Ban.' Bob went on to win cases protecting environmental standards, reproductive rights, the United States Postal Service, Dreamers, and more. In recognition of this national leadership, *Time Magazine* named Bob one of 100 most influential people in the world.
