

— to become Washington's next Governor, Bob must beat a formidable opponent.

Former Republican Congressman Dave Reichert spent *fourteen years* in the House of Representatives.

As Roll Call put it, "Reichert has won two competitive elections in presidential cycles. Comparing vote share, he outperformed the GOP presidential nominee by 4 points in 2004 and 11 points in 2008...Reichert also outperformed the GOP presidential nominee by 12 points in 2012 and 15 points in 2016..."

**So it's not surprising that *Inside Elections* has declared this race a "battleground."**

Complacency is our enemy. We're going to have to work hard to make sure Bob wins this election. [You can help out today by chipping in \\$5 to fund our grassroots campaign.](#)

In the past, the Republican Governors Association has dropped more than **\$11 million** in Washington campaigns for Governor. And unlike Bob, Dave Reichert is not subject to the "fundraising freeze" that prohibits state officials from raising funds during the legislative session. *So Reichert will be able to collect checks from lobbyists, corporations, millionaires, and conservative PACs while Bob is frozen.*

Bob is the *only* candidate who doesn't accept donations from large corporations or corporate PACs. **We can only match that massive amount of spending if grassroots supporters like you step up and help fuel our campaign.**

[If you're ready to beat anti-choice Republican Dave Reichert and make sure Bob is the next Governor of Washington State, please consider making a gift today — every dollar helps us reach more voters.](#)
